

Student photos and student data on class rosters are education records protected under the Family Education Rights and Privacy Act (FERPA), a federal law. Student photos and other student data are included in class rosters solely to support the instruction of students and may not be used for any other purpose. Only those employees of the University who require access to class rosters to perform the functions of the job may access the information on class rosters, including but not limited to student photos. Faculty downloading any student data from class rosters are responsible to maintain the confidentiality of the data. Any such student information should only be maintained as long as it remains valid and useful and must be destroyed in a secure manner. Student photos and other student data should never be posted to any other website without student consent or appropriate security precautions to ensure that only those with access privileges can view the photos or other data. For more information on FERPA, see the Office of Compliance and Student Policy website [<http://polcomp.rutgers.edu/studrec.shtml>]. For more information on proper records disposal consult the University's Records Management Coordinator [[http://www.libraries.rutgers.edu/rul/libs/scua/ru\\_records/index.shtml](http://www.libraries.rutgers.edu/rul/libs/scua/ru_records/index.shtml)].
